

Math, English, Science & More in Summer 2025

The benefits of coming in the meeting or the class prepared and already well informed are endless. 8-week long summer break "Prep Is The Key" classes prepare grade 10-12 students for the upcoming school year by becoming familiar with lessons, homework and exams, and by reviewing all the skills necessary to succeed in the upcoming year. The preparation is the key to success.

Online classes:

8 weeks, 2hr/week, July & August: Group Classes \$400
Mon & Wed or Tue & Thur

Private classes packages of 5 and 10 classes are available.

The material, observational lessons and fun with math is promised.
