“See you in class!”

MATH GLOBAL Education

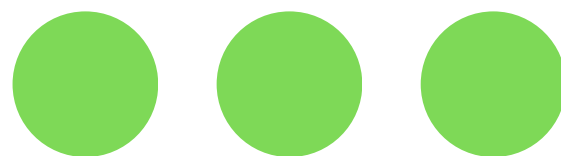

Mathematics is most liked subject for only 6% and it is the least liked one for 88% of students.

Mathematics is a unique subject that is the fundamental part of every school curriculum and the essential instrument for the development of all other sciences. Knowingly or unknowingly, we are using mathematics in every day life.

MGE proudly offers more **customized, conceptual** and **observational** math classes that focus on math understanding rather than memorization.

Many factors lead to “math anxiety” and difficulty in understanding math, which results in staying away from math related subjects and careers. This negatively affects students’ perseverance, goal orientations, interest, expectancy and task values, and even perception about the ability to reach their own goals. Reach your full potential and achieve all your academic goals with MGE.

Your Math Tutor!

Welcome to Math Global Education

Mathematics is considered the most challenging class by students due to difficulty in following the instruction and truly understanding the concept. Students rely on remembering math equations and ways to solve problems to succeed, while they actually require ***the firm foundation, observational*** and ***conceptual*** classes to really understand math concepts in order to avoid memorizing them.

Every class is personalized to student's unique needs

Since 2001, MGE has partnered with 1000+ university students across Canada and globally to unlock their full potential by developing math skills and study habits that will guide them towards all their academic goals. We have observed that students need tutors that are familiar with the class curriculum and study habits necessary to succeed in any academic environment.

Canadian graduates that are experts in teaching mathematics

MGE students receive customized learning plan and strategies, develop habits and skills to succeed in school and life. MGE tutoring methods such as *Balanced Assessments* identify weaknesses and *Strategic Questioning* inspires students to actively think, observe and make logical decision. MGE carefully put together *MathBooks* that students find crucial in advancing with confidence.

Join our Calculus classes:

- Calculus for Engineering
- Calculus for Life Science
- Calculus for Math & Physics
- Calculus for Economics & Business

Linear Algebra & more:

- Linear Algebra
- Applied Linear Algebra
- Differential Equations
- Discrete Mathematics

PRIVATE CLASSES

DAILY 9AM-10PM

University Math

Packages of 5 and 10 classes

One-on-One classes yield the guaranteed results

1-on-1 tutoring is the most effective way to improve the academic progress, develop learning skills and reach outstanding exam scores. It provides students with the guidance and personal attention they need to succeed in school. The proper guidance, informative material and access to expert tutors are essential keys to success.

All private classes are 1 hour and the packages are to be used within 1 month of purchase.

Online classes:

5 private classes: \$400

10 private classes: \$700

UNIVERSITY GROUP CLASSES

\$250/MONTH

9 Group Classes/Month

Mon & Wed, Tue & Thur, Sat & Sun

6 days per week: Online group classes

University group classes are very collaborative, budget friendly and extremely popular among high school students. We proudly offer group classes 2 times weekly after school on Mondays & Wednesdays, Tuesdays & Thursdays, Saturdays and Sundays. We are focusing on finishing assignments and homework, preparing for tests and closing knowledge gaps. Please register on time due to limited capacity of per class. Students are welcome to join any time.

Join our Math classes:

Calculus for: Engineering, Science, Business and Economics, Life Science
Linear Algebra, Applied Linear Algebra, Honours Linear Algebra
Differential Equations, Partial Differential Equations
& more

University Math - Fall 2024

September to December

Time	Mon & Wed	Tue & Thur	Time	Sat & Sun
5-6pm	Calculus for Life Science 1	Calculus for Business & Economics 1	12-1pm	Calculus for Business & Economics 1
6-7pm	Calculus for Engineering 1	Differential Equations	1-2pm	Calculus for Engineering 1
7-8pm	Linear Algebra 1	Calculus for Math/Phys Science 1	2-3pm	Linear Algebra 1
8-9pm	Calculus for Business & Economics 1	Calculus for Engineering 1	3-4pm	Calculus for Life Science

Students are welcome to join classes on Mondays and Wednesdays, Tuesdays and Thursdays. The most in-demand classes are offered on the weekends as well. Students that need more help are encouraged to join the weekday and the weekend group classes. Collaboration, team work and organization are just some of the benefits of MGE group classes.

Register today.

Master exams and have a wonderful testing experience

MGE carefully prepared “Mastering Exams” classes to guide university students to extraordinary results on all math exams across Alberta and Canada.

Our 3 hour long courses are not only providing essential material, experienced tutors and conceptual classes, but also exams tips and skills in order to succeed in any academic and professional environment.

Your success **Our mission**

Thank you for your positive feedback and for choosing Math Global Education as your child's learning partner. Together we are progressing towards academic excellence.

Joy Zlu
Edmonton, AB

My kids in grades 6, 9 and 12 love private classes with Bojana. It has been 4 years since we are with Math Global. Highly recommended..

Jay Dhali
Hamilton, ON

I was preparing for university calculus with Math Global. The best decision I made that summer. Thank you Math Global and Bojana.

Emma P.
Rome, Italy

I took private classes to prepare me for IB Math exam. We had 12 classes and I felt confident during my exams. Thank you for exam tips!

Robert Miles
Naples, FL

My kids have Mental Math classes with Math Global. These classes changed everything for us. We recommend Math Global.
